## HAPPY NEW YEAR!

I hope all is well with you and that you had a wonderful Holiday Season.

I spent the New Year's along with a few members of our District working on the Rotary Rose Parade Float. The theme of this year's float was **"Doing Good in the World"** and was a celebration and awareness message for our 100 Years of the Rotary Foundation. Notably, this year's float won the **Princess Trophy**, for the **Most Beautiful Float under 35 feet**. The coverage of the parade and the float reached nearly 1 million in attendance, 42 million TV viewers in the US, and 28 million international countries. The float is funded 100% by private contributions, and no money comes from Rotary International.

I hope you saw the float and enjoyed the message of Rotary and the Rotary Foundation "Doing Good in the World". Special thanks to the Float Committee members: Walt Stephens, Barry Rosenfeld and Jim Lewis, the Walker/Riders Patricia Jones of Thousand Oaks, and Alejandra Magana from the Santa Maria Valley Rotaract and all that helped to decorate the Float, and lastly to Rotary International President and his wife John and Judy Germ for riding on the Float.

## REMEMBERING HEATHER FRANKLE

The first time I had a chance to actually meet Heather (DG Nick and I were president classmates, but I did not really know Heather then), was at a District Training Assembly in Bakersfield where I was presenting on International Service and the projects I had been involved in as an opportunity to benefit others and to make an impact in the World we live in. Immediately after the class Heather came to me and said she had no idea Rotary did so much, said she was going to join Rotary to do this, and asked how she could get involved. I have been approached by people before with this same enthusiasm, but never with the sincerity that Heather showed. We continued to talk about many different areas of focus and opportunities that were out there or that could be initiated. From there, Heather was off and RUNNING!

Heather & Nick Frankle

Heather began working in Honduras doing projects with Evie Greene, making regular trips there to initiate and develop new projects. Heather became famous in the Rotary world when she began working with Carmen Martinez (who would go on to become Governor of that district) and Julio Villalta on microcredit projects in Central America.

In 2009, I began working on a microcredit grant to benefit our district, and administered by Women's Economic Ventures. The timing was bad, as I was preparing for my governorship, and I knew I would drop the ball if I were to take the lead on this. Knowing that Heather was doing this in Honduras, I approached her with the idea and request to take this project on. She thought about it for a while (probably to see if I was serious enough about it to commit to supporting her efforts), then accepted the assignment. Through her efforts, this \$240,000 grant became the largest microcredit grant ever approved by the Rotary Foundation Board of Trustees (this was a Rotary Foundation Competitive grant, and required selection and approval over many other grants vying for the same funds).

Through all the work that Heather did, this is only scratching the surface, but I wanted to share with you my personal involvement with an Outstanding Humanitarian. I will miss Heather, but what she leaves behind is a legacy of people she motivated to serve humanity and the thousands of lives she has changed, and for this, she will always be a part of my life.

## DO YOU SUPPORT ROTARY PROGRAMS IN THE WORLD?

Do you support Rotary's programs that are improving the lives of millions around the world? Do you want to ensure that these and new programs continue? One way to do that is to establish an endowment fund in your name within The Rotary Foundation.

You can be an important part of Rotary's next century of doing good in the world by including TRF in your estate plan.

Your gift will be carefully managed to provide earnings for the programs you know and love, year after year. Rotary is committed to providing effective programs that make a lasting difference in people's lives in the world. Your endowment gift will provide ongoing financial support for these valuable programs just as your annual contributions do today.

And you can choose which areas of focus you want your gift to support:

- Promoting peace
- Fighting disease
- Providing clean water
- Saving mothers and children
- Supporting education
- Growing local economies

A portion of the available earnings from our Endowment Fund supplements Foundation activities and helps strengthen the future commitments of TRF. Your contributions invest in perpetuity. A percentage of the total value of the Endowment Fund is spent annually to benefit current and future Foundation grants and programs. The Foundation has set a goal of \$2.025 billion in Endowment Fund assets and gifts by 2025.

Establish your legacy by ensuring The Rotary Foundation can meet the world's vital needs for generations to come. Your gift helps Rotary prevent disease, promote peace, and advance communities well into the future.

If you would like to know more about the options for giving to TRF Endowment Fund, please contact District Chair, Mike Weaver, [amweaver@pacbell.net](mailto:amweaver@pacbell.net)

**Headlines:** Keeping an eye on polioviruses and ensuring that children are protected around the world is a big job – and recently, we’ve enlisted robots to help us out. At the US Centers for Disease Control and Prevention (CDC), the Population Immunity Team uses automated laboratory machines to test blood samples for poliovirus antibodies through a process called serological testing. These robots have significantly increased the number of samples able to be processed – from 20,000 – 30,000 tested collectively in the past two decades to 100,000 samples in 2012 alone. These machines have not only accelerated the rate of sampling, but have also led to more accurate and higher quality test results.

**Afghanistan:** No new wild poliovirus type 1 (WPV1) cases were reported in the past week. The total number of WPV1 cases for 2016 remains 12. The most recent case had onset of paralysis on 12 October, from Bermal district, Paktika province. Half of the country’s cases in 2016 are from Bermal district.

**Pakistan:** No new wild poliovirus type 1 (WPV1) cases were reported in the past week. The total number of WPV1 cases for 2016 remains 19.
